NICOLE CAIRRAO	:	

CONSENT AGREEMENT

This matter is before the Department of Health, Division of Emergency Medical Services (hereinafter "Department"), upon allegations that Nicole Cairrao (hereinafter "Respondent") did engage in conduct which would constitute grounds for disciplinary action against her while employed as an emergency medical technician for Paramedic Systems, Inc. This conduct is alleged to have occurred on February 25, 2000 while Respondent was rendering emergency medical services to an individual. Respondent did fail to administer care in accordance with the provisions of the Poisoning and Overdose Protocol of the Rhode Island Prehospital Care Protocols and Standing Orders. With respect to this matter, it is agreed by the parties as follows:

1. That Respondent shall receive a written reprimand for her actions in this matter.
2. That Respondent shall, within three (3) months of the date of execution of the Consent Agreement, present evidence of satisfactory completion of a six (6) hour course of clinical instruction/observation under the guidance of a physician approved by the Department. Such instruction shall be related to the management

and treatment of poisoning and overdose patients. Respondent shall submit, or cause to be submitted to the Department for its approval, the name of the physician who shall provide such instruction. Respondent shall submit, or cause to be submitted to the Department, appropriate documentation to verify completion of this requirement.

3. That this Consent Agreement shall obviate the necessity for a hearing on the matter forming the basis for this Consent Agreement.
